

Redbridge School will provide outstanding educational provision that will also encompass the holistic needs of pupils, aged 11 – 19 with SLD, PMLD and any additional needs particularly ASD. We will deliver this through a flexible skilled workforce in an inclusive caring environment that has pupils at its centre.

As a school community we have clearly expressed values that hold pupils at the centre and our commitment to meeting their holistic needs.

Keeping pupils safe is central to our aims. In order to do so we wish to maintain a safeguarding ethos and environment so that all parents and carers can be confident that their children are safe with us.

To do this we have put in place policies and procedures that recognise not only our statutory duties on safeguarding but our moral duty to have safeguarding at the forefront of our day to day operations.

As a parent, you can support our safeguarding ethos in the following ways.

- Work in partnership with the school to ensure all pupils are safe and feel safe in school and that school are aware of issues that may impact on pupils' safety.
- Respect and understand the school's procedures in the light of our safeguarding ethos even when it may cause inconvenience.
- Understand that in certain instances the policies and procedures we work under, set by the Liverpool's Safeguarding Board for children and vulnerable adults, may require us to pass on information to other agencies that support us in keeping pupils safe.

By supporting the school in this way you are contributing to us maintaining the safety of all pupils in the school.
