

Pupil Voice

18/3/2019

Over two days 23 students were interviewed by three independent professionals and asked their opinions on different aspects of school. The pupils were selected at random from each class group with advice from staff. The pupils were mainly from Base 2, 3 and 4. School is looking to design a means of ascertaining a meaningful way for our pupils in Base 1 with profound and multiple learning difficulties to indicate choices about school to contribute to the survey. Of the 23, 1 pupil opted not to engage in the process on the day.

21 (91.30%) of the students said they liked school and this was because of the different things they did in school, from being with friends to the time table of different lessons and activities they were able to do each day.

1 (4.35%) student said they did not like school. Their reason being that they were bored in school.

19 (82.60%) students enjoyed their reading and writing lessons whilst three (13.04%) thought reading and writing was ok.

16 (69.56%) students enjoyed their maths lessons whilst 5 (21.74%) students thought maths was ok, 1 (4.35%) person thought maths was bad. Their reason being it wasn't their thing and they couldn't concentrate whilst doing maths.

22 (95.65%) students said they felt safe and happy in school.

19 (82.60%) students said they knew who to go to if they needed to talk about how they were feeling.

3 (13.04%) students said they didn't know who to go to if they needed to talk.

22 (95.65%) students all said that school listened to what they had to say.

22 (95.65) students all said that they learn in school how important it is to talk about how they are feeling.

22 (95.65%) students said that they would tell someone if another pupil was upset.

14 (60.87%) students have at some time attended an after school club 8 (34.78%)students have never attended an after school club.
